

HC DrugFree: Keeping Howard County *in the KNOW!*  
...knowledge is power, so just say KNOW

## Athena Kan on Forbes 30 Under 30 List

HC DrugFree's Executive Director and our entire team congratulate one of "our kids" and a former Teen Advisory Council (TAC) member, **Ms. Athena Kan** for being recognized by **Forbes Magazine** as one of the most influential entrepreneurs of 2020 on their coveted **30 Under 30** list.

As a young girl, Athena quickly melted our hearts with her extraordinary generosity. That's a beautiful story for another day, but we are so pleased that Athena continues to impress others with her strong work ethic, her passion to help anyone in need, and of course, her brilliant mind.

Athena went on to graduate from River Hill High School and Harvard University. Yet, she and her family stayed connected to HC DrugFree throughout the years. As a well-rounded young woman and role model on so many levels, Athena gave of her time to speak to our TAC members both in person when on break from Harvard and by phone after she began her career.

Especially in these challenging times, HC DrugFree **celebrates Athena and all Howard County youth who pursue their dreams with great passion.** [Learn what Athena has been up to.](#)

## 'Tis the Season for Gifting Responsibly

At this gift-giving time of year, lottery scratch off tickets are a popular and easy gift to slip into a stocking or a present. Many view gifting lottery tickets as harmless fun for any age that adds a touch of excitement in the anticipation of possibly winning money. However, research shows that children who gamble – including the use of lottery scratch off tickets – are four times more likely to become problem gamblers. [Learn more here.](#)
