

# Vaporized Youth

## Navigating the Effects of Teen Vaping

**HC DrugFree**  
Empowering the Community

### Virtual Town Hall

**Thursday May 18 • 7 p.m.**

### Did you know...?

- Nearly 40% of high school students will try vaping
- More 8th-10th graders vape than drink or use cannabis
- Despite being promoted as a healthier alternative to smoking, vaping poses numerous health risks

HC DrugFree presents a virtual town hall about youth vaping, e-cigarettes, and other products that contain nicotine. Featuring Joan Webb Scornaienchi, Executive Director HC DrugFree, Mark Donovan, LCPC, LCADC of Congruent Counseling, and Dr. George Kolodner, founder and director of Triple Track Treatment, a board-certified psychiatrist specializing in nicotine addiction. There will be a Q&A at the end of the presentation. Learn about the consequences of youth vaping and what we can do about it. FREE. Registration required: [tinyurl.com/vaporizedyouth](https://tinyurl.com/vaporizedyouth)
